

Breading & Batter Table

Model BBT

Chicken preparation was never simpler than with the **Giles Portable Breading and Batter Table**. A Food Box Shelf for chicken and a batter pan with a spring loaded, hinged basket to deliver the chicken into the breading - makes preparation quick and easy.

There is no messy clean-up with the new plastic pans. They overlap so no breading can make its way into hidden spaces while breading and battering delicious fried chicken.

The staging tray attached to the BBT also allows for easy preparation and loading of the fryer.

Model BBT

Accessories

Unit ships with 2 plastic breading and batter bins, 2 plastic food boxes and stainless sifter.

Design Features

The cabinet, staging tray and food box shelf are stainless steel in design. The manual sifter allows breading to be reused after sifting. The refuse receptacle holds the sifted breading until you can dispose of it. Sifter not included with counter top model.
